

Sound magnetic security systems

Sound magnetic security systems Crystal door (AM003)

Product description

Crystal sound magnetic anti-theft equipment (AM003).

1. Ultra wide crystal sound magnetic alarm equipment, located in high-end retail clothing stores.
2. Painted crystal door adopt latest technology acrylic material, glittering and translucent get rid of appearance, beautiful and concise, fire collision.
3. can achieve 2.2 meters detection, three branch machine combination use, online can reach 7.2 meters export protection.
4. Stem on suitable for high-quality goods stores to use, can effectively and store decoration style be in harmony is an organic whole.
5. Product features:
 - Sound magnetic transceiver multifunction single can work.
 - Product basic do zero misinformation.
 - Digital signal processing technology.
 - Since the tuning circuit.
 - Fox plug and play, without any wiring, equipment self-adjusting synchronization.
 - Had unique sound and light alarm display effect, effective remind clerk.
 - External alarm display the function of record, remote debugging.
 - Had detectable all 58 KHZ soft and hard labels and deformed label.
 - Had detectable all 58 KHZ soft and hard labels and deformed label.
 - Using the latest yakeli process.
6. Technical parameters:
 - Specification: 1523 mm * 375 mm * 24 mm pan width: 145 mm.
 - Weight: 17 kg
 - Host input: 24 v AC + 10% 50/60 hz.
 - Pulse frequency: 58 KHZ.
 - Transmitter output: 1.6 ms Burst.
 - Power insurance: 0.8 A + 4 A.
 - Host: 314 * 193 * 82 mm.
 - Power supply: 225 * 143 * 82 mm.
7. Configuration alternative.
 - 220 v power supply.
 - Provide three options: (1) bearing + 1 host, 2 support + 1 host, 3 support + 1 host.
 - Soft label support: 0.6 m + 1.3 m + 0.6 m (2.5 m) protection range (double support)
 - Hard tag support: 1.0 m + 2.0 m + 1.0 m (4.0 m) protection range (double support)
